# About us

VON Exports - the name resonates with our purpose, "V" We are always "ON" available for our clients. Fulfilling their requirements is our first priority.

VON Exports is working in the areas of merchant exports and imports in India. We are focusing on reaching out to the international market, to spread Indian specialties across the globe.

India is known as "the land of spices" also famous for Dry fruits, Textile, Agricultural products, and many more things. We are ready to bring all of them to our international customers.

Domestic customers are also benefited from the best quality products.

# Turmeric Powder

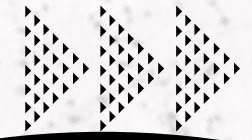

Turmeric powder is a bright yellow spice powder made from dried turmeric rhizomes.

# Jaggery

It is a concentrated product of cane juice and often date or palm sap without separation of the molasses and crystals, and can vary from golden brown to dark brown in color.

# Turmeric Powder

The most important and most valuable ingredient of turmeric is **Curcumin**. Curcumin is the yellow pigment that has been used for centuries in **cooking and cosmetics**.

Turmeric has **antimicrobial, antioxidant, anti-inflammatory, and anticancer activities**.

Turmeric has been known throughout the world as a seasoning that renders **color and taste to food**. Today turmeric is being used all over the world as a seasoning and a health product.

very positive effect on  
your hair growth

**Making Fabric  
Dye Color**

## Turmeric Powder

# Product Applications

**Food Packaging**

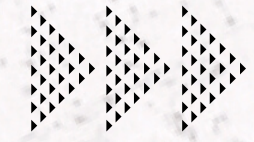

**Food Coloring**

**Gold Milk industry**

**Food  
Industry.**

# Jaggery

Jaggery is an unrefined natural sugar that is produced without adding any chemicals. More than 70% of the total world jaggery production is done in India.

Jaggery is a sweetener that's becoming popular as a "healthy medicinal sugar" replacement for sugar and is nutritionally comparable with honey. It has been used as a sweetener in Ayurvedic Medicine for 3000 years.

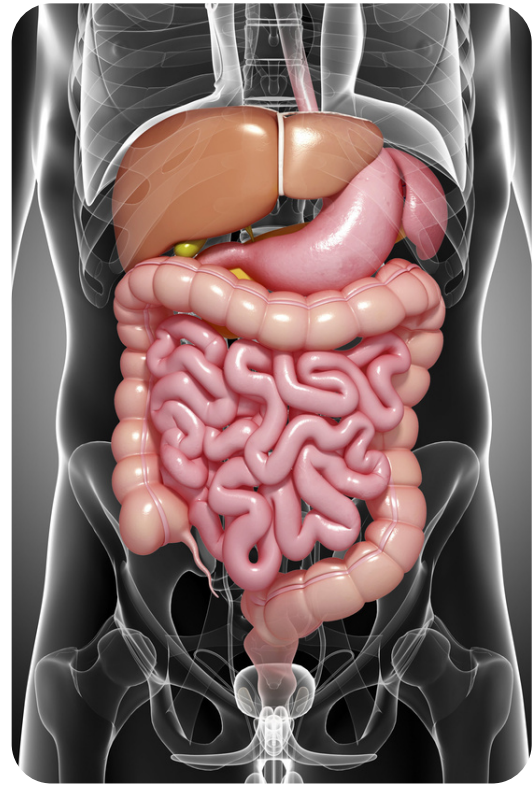

In Ayurveda, Jaggery is incredibly delicious and has many health benefits. As it's pressed from organic sugarcane, jaggery retains its valuable, natural vitamins and minerals such as zinc, iron, and selenium, which have antioxidant properties and help contain inflammation and counter anemia.

# Information

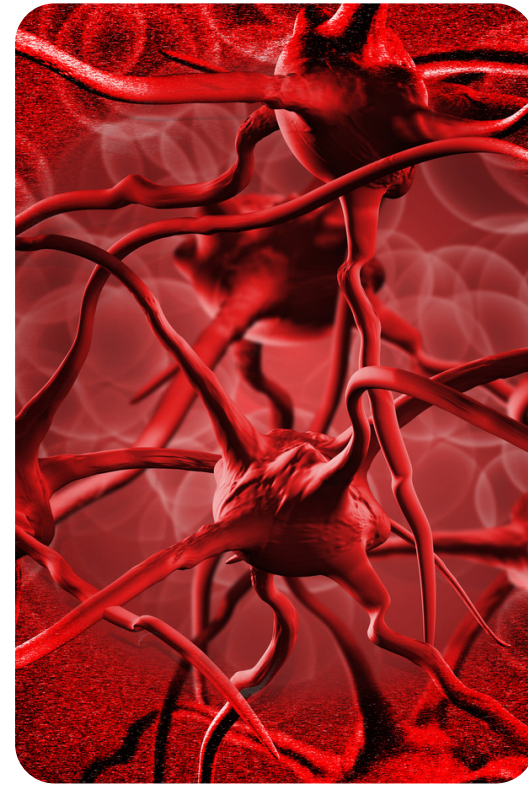

<b>Product Name:</b>	Jaggery – Sugar cane
<b>Form:</b>	Powder/ Granules/Cubes
<b>Primary Ingredient :</b>	CANE SUGAR
<b>Place of Origin</b>	Maharashtra, India
<b>Color:</b>	Brown
<b>Storage :</b>	Dry place sealed
<b>Solubility :</b>	97%
<b>Shelf life:</b>	12 months
